## PERSONAL ACTIVITIES AND BACKGROUND

### ■ **DIRECTOR – Mysore Fruit Products Pvt Ltd., (MFPL), Bangalore**

Has taken up the Directorship in 1990 and became the leading Women Entrepreneur in Karnataka and lead the company to be one of the major exporters of food products in Karnataka.

Has been the pioneer in bringing the concept and implementing the backward integration to purchase Horticultural raw material directly from the farmers by eliminating the middle man and providing the best price for the farmers produce.

Has brought value addition to the products by Conceptualizing and introducing the Brand Name MYCAN.

The products manufactured are Mango Juice, Apple Juice, Pink Guava Juice, Mixed Fruit Jam, Tomato Sauce, Peanuts and are exported to UAE, Germany, Netherlands, Japan, USA, Australia, Singapore etc under the brand name MYCAN.

Providing technical collaboration (developed along with ORANA of Denmark) to Karnataka Co-Operative Milk Producers Societies Union Ltd (KMF) for the manufacture of Drinking Yoghurt in three varieties Lemon, Orange and mango under the brand name NANDINI.

### ■ **DIRECTOR – Nektar Fruit Products Ltd., (NFPL), Bagalur.**

Playing an active role being operational in-charge of NFPL (a subsidiary of MFPL) in managing Purchase, Production, Packing and Marketing and made the company to be one of the biggest manufacturers and exporters of food products.

### ■ **DIRECTOR – Green Food Park Ltd., Bagalkot**

Agro Food Park with GOI & GOK venture, Project in final stage at Bagalkot for development of Food Processing industry & facilitation center with common facilities & basic amenities

### ■ **DIRECTOR – Srini Food Park Pvt Ltd., Hyderabad**

Mega Food Park located at Mogili village, Chittoor district, Andhra Pradesh, is one of India's largest integrated food parks. It provides end-to-end solutions to food processing industries with backward and forward linkage.

As a model 'Mega Food Park' and the first of its kind in India, it provides state-of-the-art food processing infrastructure designed as per global standards and develops a veritable market place with common facilities on the lines of a software park or a textile park. Mega Food Park is promoted by experienced professionals and supported by the government (The Ministry of Food Processing Industries and the Andhra Pradesh Infrastructure Investment Corporation) and benefits all components of the value chain.

## PERSONAL ACTIVITIES AND BACKGROUND

### ■ **DIRECTOR - Vydehi Institute of Medical Sciences & Research Centre**

Vydehi Institute of Medical Sciences & Research Centre is situated in Whitefield, Bangalore having ultra modern clinical facilities.

### ■ **DIRECTOR - Vydehi Institute of Biotech Sciences (VIBS)**

Has been serving on its governing council and has taken special interest to develop the academic and research activities of the institute.

Has played an important role in getting a tie-up of VIBS with University of Georgia, Athens, USA for further academics and Research in order to raise the standard of the institute to international level.

Has developed a large Medicinal and Aromatic plants park (Dhanwantri Park) on a 10-acre plot located next to the institute with more than 250 species of rare and useful medicinal plants besides establishing several sacred gardens in the park.

Has conceptualized and developed a precise handbook on medicinal and aromatic plants and is under publication.

### ■ **DIRECTOR - Suvarnamukhi Biotech, Bangalore**

Has established the Suvarnamukhi Biotech that is involved in producing tissue culture plants in the genetically modified varieties for agricultural based industries section for backward integration and the plants are being exported globally.

### ■ **DIRECTOR - Clintrac International Pvt Ltd., (CIPL) Bangalore.**

The logo for Clintrac, featuring the word "Clintrac" in a blue, sans-serif font with a stylized blue leaf-like shape above the letter 'i'.

Has established CIPL in the year 2003 providing clinical trial services to various Pharmaceutical and Biotechnology industries.

CIPL is proving various services like Bioavailability and Bio-equivalence studies, Phase-II to Phase-IV clinical trials etc with a state of art research facility.
